SUMMARY

The Peoples Supply Company is a 1.5 story frame structure which is situated in a northwardly-facing direction on a small lot (41'x135') in the center of town, near the intersection of Alabama Highway 104 and Baldwin County 55. Dating from 1902, it features a rectangular plan, board and batten exterior siding, and a gable roof with two dormers on each side of the gable. There are two principal facades, with the north gable front entrance facing the community's central park, and the west facade facing Baldwin County 55. An L-shaped porch wraps around these two facades.

STATEMENT OF SIGNIFICANCE

The Peoples Supply Company is eligible for listing on the Alabama Register under Criteria A and C, local commerce and architecture. Historically, it served as a general merchandising store for Silver Hill and other surrounding agricultural communities. From 1902, when the structure was built, until the 1950's, Silver Hill experienced a boom in activity and growth, and the Peoples Supply Company was the center of community life. Architecturally, it remains as one of two commercial structures dating from the turn-of-the-century. It has been maintained very close to its original appearance.

HISTORICAL SUMMARY

The community of Silver Hill was begun in the mid-1890's by the Svea Land Company, as attempt to develop southern land (recently made accessible by rail transportation) for sale to immigrant populations. Dr. E. C. Slosson, Oscar Johnson, and John Linden, all of Chicago, organized the effort, with the idea of creating a Swedish community in Baldwin County. The first settlers arrived in Silverhill in 1896, and the Peoples Supply Company soon developed as the most popular general store in the area. It was built in 1902 by Theodore A. Johnson on land purchased from Carl O. and Hanna Carlson of Chicago. The store contained 2,000 square feet of merchantile space downstairs and 1,000 square feet of living space upstairs. The Johnson family maintained the structure as their business and residence until 1928, when George Marinos acquired the business and later the property (1947).

Marinos, a Greek-origin resident of Loxley who accumulated some amount of wealth, hired Leslie and Elsie Chandler to run the store. Between 1928 and 1972, the Chandlers managed the store and raised two children in the upstairs living quarters. During their 44-year tenure, the Peoples Supply Company reached its zenith with an inventory of up to \$18,000 and sales reaching \$130,000 per year. Over 8,000 pounds of coffee were sold per year.

Since 1972, the store has had seven subsequent owners who were unable to maintain the business, probably because of the recent availability of supermarkets and discount retail stores. Dr. and Mrs. J. D. Spalding purchased the building in 1993 and renovated it for use as an antique and reproduction furniture store.

DESCRIPTION

The structure has been maintained very similar to its original condition, with the exception of the following: removal of the exterior stairs (c. 1950), removal of upstairs bath which was added in the 1940's, installation of brick stairs on south and west facades, addition of a porch rail at ends of "L", installation of new floor downstairs, refinishing of floor upstairs, sheetrocking of walls and ceilings upstairs, addition of two 1/2 baths downstairs, refinishing of display shelves and cabinets. Most of these changes were made to remove earlier alterations. Notable elements which remain are the original 2/2 sash windows, original doors and hardware, transom, 3 of 4 lightening rods (2 with glass balls intact), tin roof dating from 1930's, safe, display shelves and counters, and cashier's cage.

Silverhill, Alabama • Established 1902

Peoples Supply Company, L.L.C.

Silverhill, Alabama was the center of an extended community for 40+ years (1910-1950's). The area included all of central Baldwin County from Fairhope to Elberta, including Loxley, Robertsdale, Summerdale, and Foley.

Silverhill received its name from a sawmill and turpentine distillery, on the hill (near Oscar Johnson Memorial Park located just east of town). All workers had to go up the hill to be paid in silver each week (hence the name "Silverhill").

Remaining from Silverhill's "hey day", are the SVEA Land Company office established by Oscar Johnson in 1896, (now the Silverhill Library) and the People's Supply Company building which was established in 1902.

People's Supply Company in "downtown" Silverhill was *the* important community center of Silverhill during this period where everyone did their shopping and Saturday meeting. This building is truly significant in the history of Silverhill and central Baldwin County.

The property was purchased by Theodore A. (Teddy) Johnson on September 27, 1901 from Carl O. and Hanna Carlson of Chicago. Mr. Johnson erected the building and opened People's Supply Company, a general store, in 1902. To the west (across the street-near the present Silverhill Nursery) was Oscar Johnson's home. During construction of this home, Theodore (no relation to Oscar) and his wife had a dinner party for Oscar and his wife. The cooking was done on an old tree stump and the men guarded the food with guns to keep wild pigs away.

Silverhill, Alabama • Established 1902

Peoples Supply Company, L.L.C.

People's Supply Company, with approximately 2,000 square feet downstairs and 1,000 square feet upstairs, was operated as a general store by Theodore Johnson and family from 1902 to 1928. The family living quarters were located upstairs. The store sold everything needed in that day, from shoes, clothing, and groceries to feed & seed and hardware.

In 1928, Mr. George Marinos of Greek origin living in Loxley, acquired the business (later buying the building in 1947). Mr. Marinos hired Mr. Leslie Chandler to run the business. Several stories are told about Mr. Marinos; he often reverted to the Greek language when talking rapidly and he often wrote leaving out vowels to speed write (a Greek shorthand?). He eventually became very wealthy and on one occasion took \$75,000 in cash to distribute to relatives in Greece, but found his relatives so greedy, he returned to Silverhill with the money.

From 1928 to 1972, Mr. Leslie and Mrs. Elsie Chandler managed the People's Supply Company, raising their two children (daughter Thelma and son Sidney) upstairs. During their 44-year tenure, People's Supply Company reached its zenith with an inventory of up to \$18,000 and sales reaching \$130,000 per year. Upwards of 8,000 lbs. of coffee were sold per year.

Business owner Marinos and manager Chandler decided during the Depression that no one in Silverhill would go hungry. All were allowed to charge goods. When repayment was made, they would give credit to the account (never letting the debtor know what the true debt was). Many of these debts were torn up over the years.

Silverhill, Alabama • Established 1902

Peoples Supply Company, L.L.C.

The wise and benevolent Mr. Chandler is well remembered by longtime residents of Silverhill. School buses picked up children in front of the store; after school the children came to read comic books (while sitting on the "beautiful mahogany" inside stairs). One person even related to me the memory of playing "craps" before school. Mr. Chandler could always beat them but returned their lost money after school was out that same day. Mr. Chandler removed the inside mahogany stairs in the 1950's to make more room in the store, but perhaps the reading of comic books also had something to do with this.

The Town of Silverhill in its early days was populated mostly by those of Swedish descent. A popular Christmas treat was Herring (the whole fish) in brine and Lutefisk (dried Codfish). During the holidays, the Swedes came from miles around to People's Supply to obtain this popular treat. Mr. Chandler always had it available in barrels by the west door and needless to say the whole store took on this odoriferous smell. Today, Silverhill has many Swedish people, but the ethnic makeup has blurred over time with intermarriage and integration.

After the death of Mr. and Mrs. Theodore Johnson, their daughter, Mrs. Louise J. Lundberg owned the property and lived next door. Mrs. Lundberg was a school teacher and both she and her husband gave music lessons throughout the county (he taught violin, she taught piano). They often held musical recitals in their home.

Mr. Marinos purchased this property in 1947 and upon his death in the 1950's willed half to

Silverhill, Alabama • Established 1902

Mr. Chandler and half to his step-grandson (Walter Havel) who later gave his share to the Chandlers.

Mr. Chandler retired at age 70, after forty-four years at People's Supply Company, selling the property to Mr. and Mrs. Homer Gosnell in 1972. Since 1972 there have been seven owners, apparently none of whom were successful in this business. This is possibly due to supermarkets and convenient stores having taken the general store's place in society.

- 1974 Creighton (Pecos) and Irene Forsman
- 1976 S. Dwight Bowman
- 1979 Hugh and Joanne Kennedy
- 1981 Richard and Glenda Bealf
- 1989 W. R. and Sterling Bean

Dr. and Mrs. J. D. Spalding purchased the building in 1993 and started major renovation in 1994 which were completed in August, 1995. The building was then opened as an antique and fine reproduction furniture in September, 1995.
