Historical Marker & Plaque Program

PURPOSE

The Alabama Historical Commission (AHC) historical marker program began in 1975 to assist Alabama historians and historic preservationists in educating the public about historically significant properties in the state.

HISTORICAL MARKERS

Sewah Studios in Marietta, Ohio manufactures all AHC markers and plaques in the "Georgia" Pattern. Historical markers are available in two sizes, small (24"h x 30"w) or large (30"h x 42"w) and come standard with a 7' post (a 10' post is available for an extra charge of \$25). The Alabama Historical Commission seal is used as the emblem in the crest. The person ordering the marker is responsible for sending payment directly to Sewah Studios upon invoice. The AHC Historical Marker Coordinator must authorize Sewah Studios to manufacture each marker. The current price for a marker ranges from \$1550 to \$2490 depending on the size of the marker and the amount of text. The price includes delivery.

PLAQUES

A mountable plaque is also available for purchase. The plaque measures 16"h x 16.5"w and also features the Alabama Historical Commission seal as the emblem in the crest. The cost is \$470, which includes mounting hardware and delivery.

FUNDING

No state funds are available for markers or plaques. Individuals and organizations must have available funds to purchase it before the AHC submits the order. The cost of the marker is paid directly to the marker company upon invoice.

ELIGIBLE PROPERTIES

To receive an AHC marker, the property must be listed individually on the National Register of Historic Places or the Alabama Register of Landmarks and Heritage; as a contributing resource in a listed National Register or Alabama Register Historic District. A cemetery historical marker is available for cemeteries.

RESTRICTIONS ON MARKER TEXT

The purpose of the Alabama Historical Commission marker program is to educate the public about the significance of a historic property. Therefore, information about the property and/or information from the Alabama Register, National Register, or the Historic Cemetery Register file must be included on the marker. The names of living persons of less than national significance will not be considered for inclusion in marker narratives. The names of the people or the organization erecting the marker is allowed on the sponsor line at the bottom of the marker/plaque.

PROCEDURES FOR SECURING A MARKER or PLAQUE

- I. An application must be completed and submitted to the AHC Historical Marker Coordinator. An acceptable reference must be given for all statements to be included on a marker. Photocopies of unpublished sources should be submitted. Faxed or emailed copies of the marker text will be accepted. However, the text will not be sent to the marker company until hard copies of the marker application with original signatures are on file in the AHC office.

2. The AHC Marker Coordinator will edit the narrative and submit a copy to the person or organization for approval. Suggested changes must be returned to the AHC Historical Marker Coordinator. The AHC staff has final approval of all narratives submitted.
3. Once the marker text is finalized by the AHC and verified by the applicant, the AHC sends an authorization letter to Sewah Studios who then manufacturers the marker. Sewah Studios begins to process the order as soon as it is received.
4. The marker is shipped by a freight carrier to commercial addresses only. No residential addresses or post office boxes. Plaques are delivered by UPS to a home address.
5. Please allow at least 6-12 weeks from the date the marker company receives the text before planning a public event to unveil the marker.

ERECTION

The erection of markers is the responsibility of the individual or organization ordering the marker.

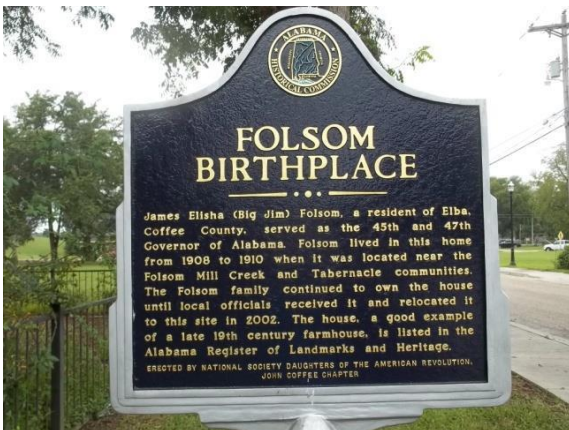

DEDICATION

The dedication of the marker is left entirely to the group who ordered the marker.

MAINTENANCE

All future maintenance of historical markers is the sole responsibility of the applicant.

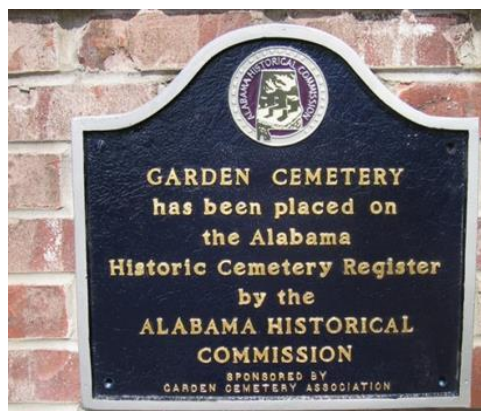

Examples of AHC Markers & Plaques

Historical Marker (Small 24”h x 30”w)

Historical Marker (Large 30”h x 42”w)

Historical Plaque (16”h x 16.5”w)
