The Alabama Memorial Preservation Act of 2017 prohibits architecturally significant buildings, memorial buildings, memorial streets, or monuments that are located on public property, and have been so situated for 40 or more years, from being relocated, removed, altered, renamed, or otherwise disturbed and provides for penalties.

This bill includes architecturally significant buildings, memorial buildings, memorial streets, or monuments, that have been so situated for 40 or more years, under the jurisdiction of the Committee on Alabama Monument Protection. It creates rebuttable presumption to the senate bill concerning monuments. It also revises the penalties from \$25,000 to \$10,000 for each day the violation continues.

This bill will be heard in committee on 2/11 at 1:00 p.m.
